Dear Chair Harrington and Commissioners,

At our general meeting on March 14, 2022, the CPO 7 membership voted to approve the following request:

"We respectfully request the Washington County Community Development Code be updated to require all new gas stations or expansion of existing stations be located a minimum of 1,500 feet from any public park or playground, school, hospital, church, theater, dwelling unit, public library, or building for public assembly; or any wetland, stream, river, flood plain, or environmentally sensitive area. This code change should be applied to all zones across unincorporated Washington County without an option for variance to ensure equitable and objective application of this requirement."

Thank you for your thoughtful consideration of our request for this code change.

Sincerely,

Andrew Lamkin
CPO 7 Chair
